## An introduction to our Local Offer and 18+ Care Leavers Service

### What our Local Offer is to you

All Local Authorities have a legal obligation to support young people making the transition from care to independence. It is Kent County Council's responsibility to ensure that you know what services are available to you and what you can expect to receive whilst you are in care.

### Eligible Young People

Eligible young people are aged 16 or 17, have been **looked after** for a period or periods totalling at least 13 weeks starting after their 14th birthday and are still in care. (This total does not include a series of pre-planned short-term placements of up to four weeks where the child has returned to the parent). There is a duty to support these young people up to the age of 18, wherever they are living.

The statutory definition and requirements to undertake a needs assessment, prepare a Pathway Plan, keep the Pathway Plan under review and appoint a Personal Adviser are covered by Regulations 42, 43 and 44 of the Care Planning, Placement and Case Review Regulations 2010.

### Relevant Young People

Relevant young people are aged 16 or 17 and are **no longer looked after**, having previously been in the category of Eligible young child when in care (that is, they have been Looked After for a period, or periods, totalling at least 13 weeks starting after their 14th birthday and up to their 16th birthday). However, if after leaving care, a young adult returns home for a period of 6 months or more to be cared for by a parent and the return home has been formally agreed as successful, he or she will no longer be a "Relevant Young Person".

A young adult is also "Relevant" if, having been in care for three months or more, he or she is then detained after their 16th birthday either in a hospital, remand centre, young offenders' institution or secure training centre. There is a duty to support Relevant Young People up to the age of 18, wherever they are living.

The statutory definition and requirements to stay in touch with the young adult, undertake a needs assessment (unless this was done when the young adult was 'Eligible'), prepare and keep the Pathway Plan under review, appoint a Personal Adviser (unless this was done when the young adult was 'Eligible') and provide accommodation and assistance to meet his or her needs in relation to education, training or employment are now covered by Regulations 4 to 9 of the Care Leavers (England) Regulations 2010.

### Former Relevant Young People

Former relevant young people are aged 18 to 25 and have left care having been previously either "Eligible", "Relevant" or both. There is a duty to consider the need to support these young people wherever they are living.

The statutory definition and requirements to stay in touch with the young adult, keep the Pathway Plan under review, continue the appointment of a Personal Adviser and provide financial assistance near where the young adult is employed or seeking employment/to enable the young adult to pursue education or training remain unchanged; they are now covered by Regulations 4 to 9 of the Care Leavers (England) Regulations 2010. These duties continue until the young adult becomes 21 or, where the Pathway Plan sets out a programme of education or training beyond 21, they continue so long as the young adult pursues the programme. The duty to pay a higher education bursary also continues, as before for those who started a course of higher education after 2008.

The duties of Local Authorities are extended in relation to **former relevant young people who inform the Local Authority of their wish to receive a service** after the age of 21 and under the age of 25. In relation to these young people, the Local authority has a duty to:

- Appoint a Personal Adviser.
- Carry out an assessment of the needs to determine what assistance (if any) it would be appropriate to provide.
- Prepare a Pathway Plan.
- Give assistance to the extent that the young adult's educational or training needs require it. The kinds of assistance are contributing to expenses incurred by the young adult in living near the place where s/he is, or will be, receiving education or training; or making a grant to enable the young adult to meet expenses connected with his education and training.
- For those in full-time education, aged 16-19, access to the bursary fund which came into place in 2011.
- The duties of the Local Authority subsist for as long as the young adult pursues the programme of education or training in accordance with the Pathway Plan, and the Local Authority may disregard any interruption in the education/training if it is satisfied that the young adult will resume it as soon as is reasonably practicable.

In each case where a care leaver requests this support, the Local Authority will need to assess the appropriateness of the course and how it will help the young adult to achieve his or her ambitions. The extent of the practical and financial assistance provided will reflect the type of course, whether full - or part-time, and the young adult's existing income.

### Qualifying Young People

Qualifying young people are aged 16 and over and under the age of 21, and are:

- Subject to a special guardianship order (or were when they reached 18) and were looked after immediately before the making of that Order.
- At any time after 16 (but whilst still a child), were looked after, accommodated or fostered.

'Looked after, accommodated or fostered' includes:

- Looked After by a local authority.
- Accommodated by or on behalf of a voluntary organisation.
- Accommodated in a private children's home.
- Accommodated for a consecutive period of at least 3 months (including even before the child was 16) by a Health Authority, CCG or Local Authority (providing education), in:
  - A care home.
  - Independent hospital.
  - National Health Service trust or Foundation Trust.
  - Privately Fostered - but do not qualify as Eligible, Relevant or Former Relevant.

Where a Local Authority looked after, accommodated or fostered a young adult, and they are deemed as Qualifying for advice and assistance, the local authority has a duty to take reasonable steps to contact them with a view to advising and assisting them.

They may receive support, advice and assistance (including, in exceptional circumstances, cash or accommodation) wherever they are living.

If in full-time further or higher education, this may include contributing financial assistance to living expenses relating to their education or training or making a grant towards meeting their education/training expenses - including in relation to securing vacation accommodation up to the age of 24.

Our local offer for care leavers has the objective to clearly provide in a single document outlining the support you can expect from us and what we can expect from you. This will assist you in making the most out of our services that are available to you and make the most of your independence; our local offer is available to all eligible care leavers, including disabled young people. Please read carefully to see what support is available when you are 18-21yrs and 22-25yrs.

We have consulted with the Young Adult Council that advised us their views and opinions on the content of our offer.

At the end of our local offer you will find there is a section for useful contact details, should you require these.

### About our 18+ Care Leavers Service

Being a Corporate Parent, means that it is our responsibility to be good parents to all our young people in care and being a good parent means keeping our young people safe and providing them with the highest possible level of support to recognise and meet everyone's individual needs.

We can assist you in accessing housing, education, training, work experience and health services; whilst being here to support you to make the most of leaving our care,; we are also able to assist you by providing you advice, encouragement and financial advice to help you make the most of your journey through the care system.

Our care leavers 18+ service is based in West Malling and Dover; it is part of the specialist children's corporate parenting service and works closely with young people who are over the age of 18. Our care leavers 18+ service team is made up with Personal Advisers, who will support you with your journey to independent living. The Care Leavers 18+ service has a legal obligation to support you and provide you with assistance until you are at the age of 25.

### Other teams working with Care Leavers

Care Leavers in the Young People's Teams or the Adult Social Care Teams are able to access the same support and assistance as those in the 18+ service and will be supported by Case workers in those teams, including Social Workers, Social Work Assistants or Case Officers who will carry out all the same tasks as Personal Advisers in the 18+ teams.

When reference is made to Personal Advisers or the 18+ Care Leavers Service in this document, this includes Social Work staff and Managers in other teams fulfilling the Personal Adviser duties. Or reference to the Children in Care teams or Social Workers may apply to Social Workers in the Disabled Children and Young People Service.

### What you can expect from your Corporate Parents

The government have introduced corporate parenting principles that requires all departments within a local authority to recognise their role as a corporate parent and encourage them to look at the support and services they provide. These principles require corporate parents:

- To act in the best interest and promote the physical, mental health and wellbeing of those children and young adults
- To encourage those children and young adults to express their views, wishes and feelings
- To consider the views, wishes and feelings of those children and young adults

- To help those children and young adults to gain access to, and make the best use of, the services provided by the local authority and its relevant partners
- To promote high aspirations and seek to secure the best outcomes for those children and young adults
- To ensure those children and young adults are safe and have stability in their home lives, relationships, education and/or workplace
- To prepare those children and young adults for adulthood and independent living

### About our Personal Advisers in the 18+ Care Leavers Service and what their role is

When you turn 18-years old, your social worker will be replaced with a Personal Adviser. The role of your Personal Adviser is to become your main point of contact and continue supporting you at least until you turn 21, however, they can support you until you turn 25 if you need or want further support.

Your Personal Adviser will be identified for you after you become 17-years old; this is for you to build a relationship with them before they become your allocated worker, we refer to this as transition working.

Your Personal Adviser will keep in contact with you and arrange meetings, they will visit you at home, University and arrange out of county and community visits. You, as the young adult, are able to make the decisions and choices that help unfold your future as an adult; your Personal Adviser will provide you advice, information and guidance to help you make the best choices and decisions.

The relationship between yourself and your Personal Adviser is important to make the most of what you can access through the 18+ Care Leavers Service.

### Understanding your Pathway Plan

Every young adult between 16 and 25-years of age that is in care or is a care leaver is provided with a Pathway Plan. Your Pathway Plan will be started by your Social Worker when you turn 16; this will be reviewed with your care plan twice per year and when you turn 18, your Personal Adviser will take over the duties in managing this for you.

Your first pathway plan meeting will be chaired by your independent review officer and evaluated with your care plan and personal education plan, should you have one. The Pathway Plan has information on the best way for us to support you in your transition to independence and adulthood. This can include other key professionals/agencies/support networks involved in your life.

Your Pathway Plan is written in such a way that should meet your individual needs and it will capture your hopes for the future, it will also include your views and key messages. Therefore, you are encouraged to lead your review as much as possible, it is your review. Your Pathway Plan will be regularly reviewed with you and this will take place at least every 6-months – these meetings will ensure that your goals and milestones are still correct and being met.

## Your Money

This section will provide you with information on what financial assistance may be available to you. The amount of money that you will be provided with depends on your age and the accommodation that you stay in.

You will be provided with a Personal Adviser who you can ask for more information from. Remember, if you are not certain about anything you will need to ask a member of staff. If, following a Mental Capacity Assessment, you do not have capacity to manage your money, we will support you to identify who should look after it for you and support you to make the decisions you can.

## Important Documents

We all need important documents because without them we are unable to do simple things such as applying for a course, claim benefits or open a bank account.

We will ensure you have the important documents that you require in adulthood, such as a passport and a birth certificate. We will also keep copies of your important documents safely on our files and you will be responsible for keeping the original documents safe.

Our offer to you	Your responsibilities and our advice

<p><b>Birth Certificate</b></p> <p>If you do not have a birth certificate, we will apply for you to get one.</p>	<p>If you lose this document, you will have to pay for a new copy.</p>

## Housing Options

There are different kinds of housing with support and you will have a large say on where you wish to live. Your Social Worker and Personal Adviser will be visiting you and where you choose to live will be agreed in your Pathway Plan.

If you are at university and require help with the cost of accommodation during vacation time, we will support you with this.

Staying on with foster carers is referred to as 'Staying Put' and you can stay with your foster carer until the age of 21, if agreed. This will not affect you on obtaining permanent tenancy and we have a range of different kind of supported housing options that are available depending on your need.

Our offer to you	Your responsibilities and our advice
<p><b>Independent Housing (private renting)</b> It is important to know that you are likely to have a greater range of choices for accessing private rented accommodation if you are in education, training or employment, and can access the <b>KCC Rent Guarantor Scheme</b>, but without these in place, your choices are likely to be limited. You will also need to be able to budget, cook and keep your home tidy. If you are living out of county, we will inform you about your housing options.</p> <p>When you are in independent accommodation you are responsible for yourself and for paying your bills, such as gas, electricity, council tax and water.</p> <p>If you have particular needs which mean you require Social Housing, you can attempt to access the local housing authority's housing register. This is a long process and should</p>	<p>To keep on top of your bills and to abide by your tenancy agreement, you can work with your Personal Adviser to help you with this as if you do not keep to your tenancy agreement, you may be at risk of eviction and homelessness.</p> <p>Find out about your bills such as water, gas, council tax and electricity. These can all be paid for monthly through your bank and this is a much better option than running up bills.</p> <p>Make sure you know how your rent is being paid as it is your responsibility, whether you are working or on benefits, to ensure that your rent is paid to avoid eviction.</p> <p>If you are a Care Leaver who is claiming rent payments via Universal Credit and are not confident that you will be able to manage the responsibility of paying your rent to your</p>

Please speak to them (or your Personal Adviser) about 'direct payments to landlords'.</p>
<p><b>Council Tax</b> Council tax is a payment for local services and many people over 18 are liable to pay it. We will support you to claim all eligible council tax benefits and reductions.</p> <p>From 1<sup>st</sup> April 2020, KCC will fund the council tax payments for young people aged <b>18 years old up to their 21<sup>st</sup> birthday (aged 18 to 20 inclusive)</b> who have been in Kent Local Authority Care and are eligible for a Kent Care Leavers Service. Only those Care Leavers who are named on a tenancy agreement, are able to access this payment.</p>  <p>18+ council tax declaration form.do</p>	<p>All young people will be expected to claim any applicable council tax discount/benefit entitlement such as Council Tax Support, single person discount, student exemption etc.</p> <p>A large number of young people who are Care Leavers will already have their council tax funded through these entitlements, which should continue and will not be affected by the scheme.</p>
<p><b>Staying Put</b> If you and your carer agree, you can keep living in your foster placement until you reach 21, your placement is then called 'Staying Put'.</p> <p>You will be a lodger in their home, in that you will be renting a room from them and you will be expected to pay a contribution for your keep. Whilst here, you will be supported to develop your independent living skills further with your carer.</p> <p>This will mean that you continue to receive that extra care and support you might need before taking on your own independent accommodation. Many young people are not ready to move into their own accommodation at 18 and this can be a nice way of remaining part of a family and making sure you are confident in taking your next step towards independence.</p> <p><b>Shared Lives</b> If you are disabled and/or need more</p>	<p>Staying Put will help you maintain a supportive relationship with your carers and, if you decide to do this, we will still help you apply for independent accommodation after you are 21.</p> <p>Do not be in a rush to get your own property as independent living is hard, so make sure you make the right choice for you.</p>

Our offer to you	Your responsibilities and our advice
<p>support than can be offered through Staying Put, then Shared Lives might be a possible option for you, either with your current carers if they apply to become Shared Lives carers or another. Shared Lives can only be accessed via the Disabled Young People's Team or one of the Adult Services Teams of KCC and should be considered by the Children in Care or the Young People's teams before you turn 18yrs of age.</p>

It follows on from the Kent Pledge made to children and young people in the care of Kent County Council. The Charter says that you must be asked about important decisions that affect you and that your opinions should be listened to.</p> <p>The Charter explains what you can do if things are not going well or you feel you are not receiving the support you should. It also tells you how you can have an input into the services Kent County Council provides for Children in Care and Care Leavers.</p>	<p>If you do not have a copy of the Leaving Care Charter, please ask your Personal Adviser for one.</p> <p>You can also find it by visiting <a href="http://www.kentcarestown.lea.kent.sch.uk/">www.kentcarestown.lea.kent.sch.uk/</a>.</p>
